

**DIRECTIONS:** Pick 2 careers you are interested in based on your results from the “Interest Profiler” at the Career Locker website. ([www.careerlocker.com](http://www.careerlocker.com)).

**PART 3:** Your goal is to compare 2 careers by finding the information listed below. You will save all of this information in **ILP/ePortfolio**.

Your ILP/ePortfolio is at the very top of the *CareerLocker* page, under your name. Click here *NOW*.

On the left side of the page, under **Who Am I?**, click on “**My Career Exploration**” (see the little pencil next to it).

Under **ECP**, click on “**Interest Profiler**” (see the little pencil next to it). You should see your Interest Profiler Assessment with the date you took it listed on this page. Click here and your results will appear.

At the top of the page where you are looking at your “**Interest Profiler**” results, click on the “**Occupations**” tab. Under “**Occupational Information**,” click on “**Browse Occupations**.” You could select **the first letter** of your career choice or **enter text** and type the name of the occupation. (For example, I could click on the letter “C” and then find “Counselor, Guidance” or I could type in “counselor.” OR I could type in \$50,000 & hope counseling is there or **pick a career cluster** and in “Education and Training,” I could find School Counselor.)

You also need to save your Career Search in your **ILP/ePortfolio**. Do this by clicking “**SAVE**” on the page called “**About the Job**.”

(It’s at the bottom of the pink section on the left side of the page.) Complete the other 5 parts of this chart by writing in the boxes below:
